The balance in attendance are simply present as spectators. Hence men who to not run with the machine, or, in other words, who do not "stand in" with the seognized bosses in the various counties or in the different districts of the county

The two are radically different primary election is an institution that smashes machine politics. It thoroughly party, and permits every candidate for an for to stand upon his merits as regards the choice of the people. If he is the choice of the majority of his party and has energy enough to secure the attendance of his friends, a job cannot be set up against him. He is bound to succeed. This is the beauty of what is known as a minary election properly conducted.

We observe that in the counties of Bar boar and Monroe in this State, primary elections have taken the place of the rention system. They have been conducted fairly and squarely, under the auand the verdict of the voters thus renderfor office without the formality of a subsequent County Convention.

Recognizing the gravity of this subject the present administration, supported by Congress, has sent to China a commission of distinguished citizens for the purpose of securing such a modification of the existing treaty as will prevent the evils likely to arise from the present situation. It is confidently believed that these diplomatic negotiations will be successful without the loss of commercial intercourse between the two powers, which promises a great increase in reciprocal trade and the enlargement of our nurkets. The doctrines announced by the Chicage Convention are not the temporary devices of a party to attract votes and carry an election. They are deliberate convictions resulting from a careful study of the spirit of our institutions, the events of our history and the best impulses of our people. In my judgment these principles should control the legislation and administration of the Government. In any event they will guide my conduct until experience points out a better way.

In the Common Pleas Court this morn-ing the case of Elinor Berry vs. Samuel E. Culp, for breach of promise, came up, and in about five minutes the Court gave a judgment of \$2,000 and costs for the plain-tiff. A short time, but we suppose Miss Berry is satisfied, and will bury the case now.

During the discussion, Spiesis said to have told Peter that he was not capable of car-rying on a business, and at this point Mrs. Miller took a hand in the game, and slap-ped Spies in the face. This raised Mr. Spies' wrath, and he proceeded to the office of a Justice of the Peace and entered suit against Mrs. Miller for assault.

from you, in the presence of the committee of which you were chairman, the official announcement that the Republican National Convention at Chicago, had that day nominated me as their candidate for the nomination with gratitude for the confidence it implies, and with a deep sense of the responsibilities it imposes. I cordially endorse the principles set forth in the platform adopted by the convention on nearly all the subjects of which it treats. My opinions are on record among the published proceedings of Congress. I

NATIONAL PINANCES.

On the subject of National finances my views have been so frequently and fully expressed that little is needed in the way of additional statement. The public debt is now so well secured and the rate of annual interest has been so reduced by refunding that the rigid economy in experience points out a better way.

If elected, it will be my purpose to enter the work of the content of the constitution and the laws and to promote as best I may the laterests and honor of the whole country, relying for support upon the
